About Gitakshmi Group

Gitakshmi Group is a diversified Indian enterprise operating across technology services, digital transformation, supply chain management, international trade, skill development, and real estate investments. The Group follows a governance-driven and scalable business model designed to create long-term stakeholder value. Integrated Multi-Sector Ecosystem • Strong Governance & Compliance Framework • Diversified Revenue Streams • Sustainable Growth Strategy.

Gitakshmi Technologies

Gitakshmi Technologies is a leading technology solution provider under the Gitakshmi Group, empowering global businesses with innovative IT consulting, software development, and digital transformation services. As part of a diversified enterprise, Gitakshmi Group operates across industries such as logistics, international trade, and mining product imports, delivering excellence through innovation, quality, and customer-focused solutions.

Gitakshmi Labs

At Gitakshmi SAP Training Lab, we believe learning should be accessible, practical, and transformative. Our mission is to help students, professionals, and businesses master SAP technologies through guided, hands-on training and real-world project experience.

About Gitakshmi Group

Gitakshmi Enterprises

Gitakshmi Enterprises is a trusted organization providing quality solutions in technology, training, and business services. With a strong focus on innovation, customer satisfaction, and professional excellence, the company is committed to empowering individuals and businesses for sustainable growth and success.

Gitakshmi Realty

Gitakshmi Realty is the real estate development arm of the Gitakshmi Group, focusing on delivering end-to-end property solutions — from land acquisition and planning to development and property management. Its mission is to create future-ready infrastructure that adds value for investors, tenants, and communities alike.
